CBT

Training:

**Plenty of Choice!
Just Pick Your
Option**

Paul Grantham says:

There are 6 key factors to bear in mind when you are thinking about choosing an introductory CBT course:

- 1 Is the course run by an Accredited BABCP Therapist?
- 2 Is the course Accredited or Approved by an established professional body?
- 3 How much does the course cost?
- 4 What is the quality of teaching like based on the reputation of both the trainers and the company?
- 5 What is the practical/theoretical balance within the course?
- 6 How far you need to travel to attend the course?

Paul Grantham
Consultant Clinical Psychologist,
BABCP (Accred), Director of SDS Ltd.

RESIDENTIAL TREATMENT DIRECTORY SPRING 2012

Dear colleague,

Welcome to the Spring 2012 DDN Residential Treatment Directory.

This issue provides you with a comprehensive at-a-glance listing of the UK's residential treatment facilities. Our grid layout lists each centre, their contact information and details about the service. There is a key on this page that explains the abbreviations and helps you to use these listings.

On the right hand side of the directory, in alphabetical order, you will see the enhanced entries. These provide more information on specific services, and what they have to offer. We would especially like to thank all of the agencies who took out these listings, as well as advertisers within the directory and the magazine. Like DDN, the directory is a free, independent publication, self-funded through advertising, and without support from our advertisers we would not be able to produce this free resource.

I hope you find this directory useful. If you have any suggestions or comments regarding the directory please email them to directories@cjwellings.com

e: directories@cjwellings.com

ADS  **ADS**
 Addiction Dependency Solutions

ADS (Addiction Dependency Solutions) is a regional charity established in 1973 specialising in alcohol and drug treatment.

Both Bridge and Bennett are registered with, and inspected by, Care Quality Commission. The most recent inspection ratings were: Bennett House, 3 Star (Excellent), Bridge House, 3 Star (Excellent)

Bridge House is a residential rehabilitation unit for adult men and women whose lives have been severely affected by alcohol misuse and who are working towards abstinence. Accommodation comprises single bedrooms and six self-contained flats. Services include structured group programmes, individual counselling and life and social skills. We also have a specialist children and family worker and a separate two-bedroom house where residents are able to rebuild relationships with their children.
Tel: 01772 797 654. Email: bridgehouse@ADSolutions.org.uk
Service Manager – Brian Donaghey

Bennett House is a residential centre for adult men who have become alcohol dependent and see abstinence as a positive way forward. Accommodation comprises eight single bedrooms, communal facilities and seven self-contained flats. Services include structured group programmes, individual key worker sessions, independent living skills, social and recreational activities and educational opportunities.
Tel: 0161 795 4003. Email: bennethouse@ADSolutions.org.uk
Service Manager – Marie Morter

Preston Detox is a new detox unit which provides a range of detoxification options in a clinically safe, non-hospitalised caring environment. The service is staffed 24 hours a day by a professionally diverse team which includes medical staff, registered nurses and support workers. This new 10-bedroom facility provides 7-10 night medically managed and medically monitored alcohol detox. In addition, where appropriate, a three night Kick Start Programme.

 **BOSWYNS**  **BOSENCE**

Bosence Farm Community is an abstinence based 12 Step Residential Rehab. We offer 3-12 month placements tailored to individual service user or commissioner needs. The programme consists of group and individual sessions using the 12 Steps as well as Equine Assisted Psychotherapy and complementary therapies such as yoga, meditation and Tai Chi. We offer 6 month transition and aftercare, and a new specialist Dual Diagnosis provision supported by our RMN and Medical cover. Registered with the CQC.

Boswyns is a purpose built detox and stabilisation service offering individual en-suite rooms and 2-6 week placements according to need. Not tied to any ideology, Boswyns offers individualised recovery based provision dependent on the presenting needs of service users. We offer medical, nursing and psychosocial interventions through group and individual services as well as complementary therapies such as acupuncture, yoga and Tai Chi. Service users have an opportunity to fully prepare for discharge either back into the community or to Residential Rehab. Registered with the CQC.

Referrals welcomed from any source to discuss what we offer. Please contact our Referrals Team on 01736 850006 – jane@bosencefarm.com

Clarity Treatment

Clarity Treatment services is an holistic residential treatment programme offering a daily structure to individuals, with separate housing and clinical groups for males and females. All service users have their own bedroom and keep their personal benefits for purchasing food.

Our services include: an optional 2-week detox programme, and a residential treatment programme, which can last from 6-52 weeks. Clarity Treatment services tailor-make their treatment to suit individual needs, which consists of: group therapy, relapse prevention, art therapy, optional 12-steps, various workshops, life skills, meditation, counselling, key working, college, voluntary work, careers advice, assistance with move-on and resettlement.

Clouds House

Clouds House has been providing residential treatment since 1983. The house is a 38-bed registered care home (with nursing), and provides six weeks first-stage abstinence-based treatment, including detoxification if required. The programme is based on a 12-step philosophy and includes group therapy, 1:1 counselling and workshops. It is run by a multi-disciplinary team and is accredited by the European Association for the Treatment of Addiction. Men and women (over 18) are treated for alcohol and/or drug dependency, under a variety of funding arrangements. Families are invited and encouraged to play a part in treatment. Patients are referred on to a variety of residential and non-residential aftercare programmes.

Clouds House is part of Action on Addiction.

Chy Colom (Addaction)

Chy-Colom is a second stage residential rehabilitation centre in Truro, Cornwall. Encompassing an individually-tailored programme of support for people with drug and/or alcohol issues, it offers high quality addiction treatment by a dedicated, committed and enthusiastic team.

The building houses 12 beds for male and female clients, where expert support is available 24 hours a day. Residents are supported in all aspects of their treatment which include: life skills such as cooking, budgeting and domestic responsibilities, relapse prevention tools and developing a recovery network. Additionally, personal development training such as developing new coping strategies, assertiveness practice and self-esteem building. Training and education opportunities are also key elements of the of this successful treatment programme.

Cranstoun

With over 40 years of experience of providing innovative and quality services, Cranstoun – a registered charity – helps more than 15,000 people each year by supporting their recovery from drugs and alcohol misuse.

Cranstoun services include: residential treatment and rehabilitation (CQC registered); structured treatment and recovery services in the community; first steps to recovery and engagement, including outreach and harm reduction; recovery and reintegration services incorporating supported housing, employment, education and volunteer support; specialist young people's and women's services; and criminal justice services.

Freedom Recovery Centre

The service is for men and women aged 18+ who want to maintain abstinence from alcohol and drugs. Service users will be encouraged to look at the history of their addictions and gain greater understanding of behavioural patterns associated with dependency and lifestyle.

Freedom Recovery works hard to ensure that those using our services are given every opportunity to achieve a sustained recovery from drug or alcohol misuse. We continue to create an environment where service users feel safe and can measure their progress throughout their stay. This helps to promote service user retention and ultimately completion of their treatment journey. We operate with a highly-committed and dedicated staff team of experienced counsellors and drugs workers.

Hope House

Hope House is a second-stage residential treatment centre for women. The 23-bed registered care home is based in Clapham, SW London. The multi-disciplinary team offer specialist treatment to women with complex needs, eg addictions/dual diagnosis, food disorders, trauma and abuse. The programme provides counselling, group therapy and life skills, and is based on abstinence using the 12-step philosophy. We also provide art therapy, health education, leisure activities and practical assistance with housing. Family visits are encouraged and once the programme is completed, women are able to access additional support on our structured day programme to help them integrate back into the community. Tel: 020 7622 7833 Email: hopehouse@actiononaddiction.org.uk

Kenward Trust

We offer an integrated pathway of **recovery, reintegration and resettlement** through residential and supported housing projects based in **Kent and East Sussex**. We work with service users to achieve their individual goals, building on their own recovery capital. Our residential services are located in rural settings and offer a range of vocational and health and well being focused activities alongside evidence-based therapeutic interventions, including families work. We offer individualised 3 to 6 months intensive and supported programmes and ongoing structured support providing opportunities for community-based volunteering, paid work, accommodation and the forming of healthy relationships.

Life Works

Life Works is a leading and highly-respected private residential facility for the treatment of addictions, eating disorders and mood disorders (in particular the treatment of anxiety and depression). Our integrated approach provides our clients with a wide range of opportunities to re-engage with themselves physically, emotionally and spiritually. Together, these experiences support healthy, sustained, long-term recovery.

Our Grade II listed Georgian manor house in Surrey provides a warm, nurturing and safe environment giving our clients the very best start to begin the process of recovery.

Manned by professional, experienced, and caring staff we are proud to have earned the highest award of 3 Star – "Excellent" – from CQC.

PCP

Perry Clayman Project (PCP) drug and alcohol rehabilitation centres across England offer

expert, sympathetic treatment to statutory and private clients. In addition to the regular programmes, fast track services have been introduced at all centres to help people whose lifestyles prevent them from taking time out for the full-length programme. To meet the needs of all addicts seeking recovery, a 24-hour free phone service 08000 380480 operates so that, whatever the time of day or night, PCP is there to help when an addict finally decides to seek recovery.

Printed

Printed is a second stage, residential rehabilitation centre in Surrey offering high quality addiction treatment. With 15 beds for men and women aged 18 upwards, our highly-experienced staff team provide a nurturing space for people to learn the necessary skills to re-enter life. The programme is multi-layered with a mixture of group and individual therapy, living skills, creative therapies, voluntary work, attending college, work placements, workshops and education providing the ground on which people gain understanding and build self confidence. We treat people with complex needs, especially food disorders, relationship and sex addiction, and have a full family and aftercare programme.

Ravenscourt

Ravenscourt has been established for 19 years as a residential rehabilitation centre and has been a registered service for all that time. We are based near to the sea in Bognor Regis, West Sussex, in a large detached residence at which both accommodation and the treatment are based.

We offer seventeen beds to males and females from 18-65 and have a mix of block contract, spot purchase and corporate contracts. What is unique about Ravenscourt is that the counselling staff team has been in place since early 2002 without any changes; among the staff team there is a commitment to, and enjoyment of, working at Ravenscourt that is clearly noticed by residents and social care professionals alike.

Other services we offer include prison assessments, a family work programme and volunteer placements. Initial contact is by phone for a few basic details to set up a phone assessment – we do not ask clients to complete yet another referral form! A client would spend a couple of hours with us undergoing the assessment, but also chat with the current clients, look around the premises and take time to make an informed decision.

Please contact the counselling team on 01243 841110 for further info.

Sanctum Addiction Treatment Specialists

Historically, more than ninety per cent of people treated for drug and/or alcohol addiction relapse after their treatment episode. At Sanctum, we offer a 12-step based treatment model that achieves much higher success rates by providing an integrated “through-care” programme encompassing rehabilitation, resettlement and reintegration.

Sanctum’s residential day treatment programme follows through from detoxification, Primary, Secondary, Tertiary and Aftercare on to our exclusive ‘Back to work scheme’. Our package is a fresh and unique approach within the UK drug and alcohol treatment industry.

If you or someone you know could benefit from our services and experience, please contact Sanctum on 0330 5550002 or email us at info@thesanctum.uk.com www.thesanctum.uk.com

Sefton Park

For addiction treatment that works.

Good Standards: The last CQC inspection report said "Sefton Park was meeting all the essential standards of quality and safety"

Demonstrably good outcomes: 50% recorded as completing over the last six month period.

Personalised Treatment: We work hard to ensure each individual receives treatment that is personalised to their specific needs.

Safe and supportive setting: Sefton Park enables and encourages our clients to explore the causes of their addictive behaviour.

Therapeutic Community: Working as a member of the group, and supported by our counsellors, each individual can find the support they need to start their personal recovery journey.

Seeing the changes taking place: Members of the therapeutic community demonstrate how treatment is working for them, helping individuals joining the group to gain improved motivation to progress with their treatment.

Platform for recovery: We work intensively with each of our residents to create a stable platform of abstinence and the desire to build a new way of life.

Find out more about what we do: You are invited you to spend time with us finding out much more about what we do. Please call Jamie or Del on 01934 626371 to arrange a visit.

Shardale

At Shardale, we do not refer to people as 'alcoholics', nor do we subscribe to the belief that dependent people have a disease known as 'alcoholism'. We feel that this view of labelling people as sick is not only totally disempowering but also relieves that person of the full responsibility for their behaviour – behaviour that we maintain is always chosen. What we do believe is that many people behave in irresponsible and misguided ways in attempts to meet their needs, and that these can result in harm being done to all aspects of their lives, their relationships, and to other people's lives too.

Our goal at Shardale is to help people to choose to stop drinking, to rebuild their lives and to begin to make much more healthy, more constructive, need-satisfying choices. Essential to making these choices is the quality re-connection with other people, so that they may begin to lose the perception that alcohol is the solution to all problems.

SASS Priory Road

Priory Road residential rehab is a 6-bed dry house in a leafy suburb of Sheffield. SASS offers 6/12 month programmes, which help residents work through the issues that led to their problems with alcohol. Through our structured groupwork programme and one to one sessions, based on Cognitive Behavioural Therapy and solution focussed approaches, residents develop the skills and strategies to move forward in recovery and remain abstinent when they leave.

StreetScene

StreetScene is a registered charity, set up in 1989. Its purpose is to help people suffering from addiction to recover. We believe that every addict should have the opportunity to reach their full potential. Our qualified, multi-disciplinary team, some with personal or family experience of addiction and recovery, are involved in this work because they care. We are here to offer hope, help, opportunities and support to enable change to take place, providing safe and homely environments coupled with knowledge, experience, respect and care and the ability to treat each person as an individual.

We have: Three separate locations, Allington House, Cornerways and Francis House, all CQC registered; a completion rate of 85 per cent (NTDMS).

We provide: Services for men or women of any age from 18 up to 70; tail-end detox; services for people with complex needs; our own re-settlement programme; up to six months support in Unity House; ongoing free aftercare for as long as a client wishes to attend.

We work with: Colleges, so clients can gain current qualifications for employment; local landlords for long-term accommodation; local JCP and other networks to help people find and secure employment.

Passmores House

Passmores House provides a whole package of care from detoxification and rehabilitation through to community reintegration and structured aftercare support. We work holistically with each individual, tailoring care plans to meet psychological, physical and social needs. Passmores House, set in a leafy environment in Harlow, Essex, offers a nine bed detoxification centre and a seven bed residential rehabilitation service.

The recovery-focused rehabilitation programme includes individual and couple counselling; one-to-one keyworking; therapeutic, cognitive and life skills groups; family therapy; physical activity and healthy eating; complementary therapies; volunteering placements within the community and access to local college courses. Our aftercare services support sustained recovery in the community.

The purpose-built detox service at Passmores House provides 10 to 28 day detox programmes with medical, nursing, group work and one-to-one brief psychosocial interventions. Stabilisation services are also offered. A pre-admission visit with keyworker is welcomed. Transport arrangements for admission can be negotiated.

Please call us on 01279 634 200 or email enquiries@stabilisationservices.org

Yeldall Manor

Yeldall Manor is a rehabilitation programme set in the heart of the Berkshire countryside with over 30 years' experience of helping men aged from 18 to 65 overcome their drug and alcohol addictions. By identifying and addressing the issues causing addiction, residents are able to restructure their lives using healthier choices and so return to the wider community drug, alcohol and crime free.

We offer: drug and alcohol detox; 1st stage rehab programme on average 12 - 24 weeks; 2nd stage resettlement programme on average 12 - 20 weeks; free aftercare service. This is a Christian based programme.

Alexander Clinic

The Alexander Clinic provides a specialised, confidential, treatment regime designed to meet the needs of those who suffer from chemical dependence (alcohol/drug addiction). The treatment philosophy recognises addiction as a primary, no-fault, potentially fatal illness. Clients learn to acknowledge their personal responsibility in the recovery process through disciplined participation and effort. Including detoxification, the programme duration varies from 1 week to 6 months inpatient rehabilitation. The programme helps clients live a contented and useful life without the use of any mood-altering chemicals. The foundation laid in treatment is built upon through attendance at free weekly aftercare and support meetings.

Camino Recovery Centre Marbella, Spain

Abstinence-based, 8-bed residential care facility, specialises in treatment for addictions, trauma, anxiety, depression and family work to include alcohol and chemical dependency, mood disorders, eating disorders, trauma, sexual compulsivity. Our aim is to deliver the highest quality of treatment in the most efficient and caring manner. Based on 12-step philosophy with CBT approach. In addition to these programmes our holistic approach treats the whole person with medical/psychiatric services with a wide range of traditional, experiential and integrative therapies including yoga, acupuncture, metaphoric games, equine assisted psychotherapy and eye movement desensitisation reprocessing. A comprehensive family programme is an integral part of the process enhancing recovery and extending healing to the family.

RECOVER AT PCP

PCP are a CQC-registered, established, quasi-residential treatment centre that offers clients the best possible treatment at affordable rates. We have been established for seven years in Luton and three years in Chelmsford, and now open in Clapham.

PCP facilitates detox and takes clients through the abstinence-based, 12-step program of recovery in a twelve week period we call primary care. Our secondary care, which is a further twelve week program, offers our clients integration into society through education, charity work, re-entering the family home, rehousing and additional therapy. After clients graduate from PCP they will have a year's aftercare package free of charge available to them. PCP also meets the needs of family members through monthly workshops and therapy sessions. Our prices start from £450 per week.

Please feel free to contact Darren, James or Jo for an initial assessment on 08000 380 480 or email us at darren@pcpluton.com

Parenting Program

10% of families enter the service with care of their children

72% leave with care of their children

Our family service in Sheffield is a unique service which caters for mums and dads to address their drug and alcohol problems, whilst living with their children in a safe and stable environment. Parents can be single parents or couples.

We provide the opportunity for parents to remain the primary providers of care for their children, whilst receiving appropriate guidance and support to help rebuild their families.
