referrers and those
seeking treatment**

RESIDENTIAL TREATMENT DIRECTORY – SPRING 2013

SUPPORTED BY

Sefton
Park

For addiction
treatment that works

CASTLE CRAIG HOSPITAL

CASTLE CRAIG HOSPITAL IS ONE OF EUROPE'S LEADING DRUG AND ALCOHOL REHABILITATION CLINICS, PROVIDING INPATIENT TREATMENT FOR PEOPLE WITH ADDICTION AND DUAL DIAGNOSIS. OUR EXTENSIVE EXPERIENCE AND EXPERT MEDICAL CARE HAVE BEEN HELPING PEOPLE OVERCOME THEIR ADDICTIONS AND RELATED MENTAL HEALTH ILLNESSES FOR OVER 24 YEARS.

RESIDENTIAL ADDICTION TREATMENT PROGRAMME

At our rehab centre, abstinence from drugs and alcohol is essential. Treatment leads to a new direction in achieving a fulfilling and meaningful life. It is the beginning of a life-long journey in recovery with sober friends and strong support networks.

REHABILITATION AT CASTLE CRAIG

Our treatment model comprises 12 Step Facilitation, Cognitive Behavioural Therapy, Family Therapy, trauma therapy such as EMDR and much more. Treatment may last from 6 weeks to 6 months.

ADMISSION & ASSESSMENT

All patients undergo a thorough and comprehensive assessment which begins before admission and continues during the subsequent few days following admission. Patients are assessed by the Consultant Psychiatrist and by members of the multidisciplinary team

CASTLE CRAIG TODAY

The hospital is registered with Health Improvement Scotland. It is a contractor to the National Health Service. Contact us today to discuss referrals or to arrange a visit and tour of our facilities.

RESIDENTIAL TREATMENT DIRECTORY SPRING 2013

Dear colleague,

Welcome to the Spring 2013 DDN Residential Treatment Directory.

This issue provides you with a comprehensive at-a-glance listing of the UK's residential treatment facilities. Our grid layout lists each centre, their contact information and details about the service. There is a key on this page that explains the abbreviations and helps you to use these listings.

On the right hand side of the directory, in alphabetical order, you will see the enhanced entries. These provide more information on specific services, and what they have to offer. We would especially like to thank all of the agencies who took out these listings, as well as advertisers within the directory and the magazine. Like DDN, the directory is a free, independent publication, self-funded through advertising, and without support from our advertisers we would not be able to produce this free resource.

I hope you find this directory useful. If you have any suggestions or comments regarding the directory please email them to directories@cjwellings.com

e: directories@cjwellings.com

t: 01233 636 188

All our directories can be found at www.drinkanddrugsnews.com

Acorn  **ACORN TREATMENT**
OUTCOME FOCUSED SERVICES
EST. 1973 BY ACORN & TRANSLATED INTO SERVICE

Acorn Treatment & Housing Projects.
We specialise in drug and alcohol treatment for men or women 18+ We provide services across the north of England.

Registered Charity • Established for 16 years • Motivation/ reduction
 • Family support • Therapy programmes residential or day care • Long-term aftercare including housing, back to work and educational support • Private room • 24/7 staff support • Registered with the Care Quality Commission • Structured group sessions and one-to-one counselling • Confidentiality always respected • Referrals taken from any source.

For fast private assessment ask for Lucy Turner or Lynn Barker. Call 0161 484 0000

ADS 

ADS (Addiction Dependency Solutions) is a regional charity established in 1973 specialising in alcohol and drug treatment.

Both Bridge and Bennett are registered with, and inspected by, Care Quality Commission. The most recent inspection ratings were: Bennett House, 3 Star (Excellent), Bridge House, 3 Star (Excellent)

Bridge House is a residential rehabilitation unit for adult men and women whose lives have been severely affected by alcohol misuse and who are working towards abstinence. Accommodation comprises single bedrooms and six self-contained flats. Services include structured group programmes, individual counselling and life and social skills. We also have a specialist children and family worker and a separate two-bedroom house where residents are able to rebuild relationships with their children.
Tel: 01772 797 654. Email: bridgehouse@ADSolutions.org.uk
Service Manager – Sionadh Curtis

Bennett House is a residential centre for adult men who have become alcohol dependent and see abstinence as a positive way forward. Accommodation comprises eight single bedrooms, communal facilities and seven self-contained flats. Services include structured group programmes, individual key worker sessions, independent living skills, social and recreational activities and educational opportunities.
Tel: 0161 795 4003. Email: bennethouse@ADSolutions.org.uk
Service Manager – Marie Morter

Preston Detox is a new detox unit which provides a range of detoxification options in a clinically safe, non-hospitalised caring environment. The service is staffed 24 hours a day by a professionally diverse team which includes medical staff, registered nurses and support workers. This new 10-bedroom facility provides 7-10 night medically managed and medically monitored alcohol detox. In addition, where appropriate, a three night Kick Start Programme.
Tel: 01772 701 346. Email: prestondetox@ADSolutions.org.uk
Service Manager – Linda Rigby
www.adsolutions.org.uk

 **BOSWYN'S**  **BOSENCE**

Bosence is an abstinence based 12 Step Residential Rehab. We offer flexible placements tailored to individual service user or commissioner needs. The programme consists of group and individual sessions using the 12 Steps as well as Equine Assisted Psychotherapy and complementary therapies such as yoga and meditation. We offer 6 month transition and aftercare, and a new specialist Dual Diagnosis provision supported by our RMN and Medical cover. Registered with the CQC.

Boswyns is a purpose built detox and stabilisation service offering individual en-suite rooms and 2-6 week placements according to need. Not tied to any ideology, Boswyns offers individualised recovery based provision dependent on the presenting needs of service users. We offer medical, nursing and psychosocial interventions through group and individual services as well as complementary therapies such as acupuncture and yoga. Service users have an opportunity to fully prepare for discharge either back into the community or to Residential Rehab. Registered with the CQC.

Referrals welcomed from any source to discuss what we offer. Please contact our Referrals Team on 01736 850006 or email helen.prudames@bosencefarm.com

addaction Chy-Colom

Chy-Colom is a second stage residential rehabilitation centre in Truro, Cornwall. Encompassing an individually-tailored programme of support for people with drug and/or alcohol issues, it offers high quality addiction treatment by a dedicated, committed and enthusiastic team.

The building houses 12 beds for male and female clients, where expert support is available 24 hours a day. Residents are supported in all aspects of their treatment which include: life skills such as cooking, budgeting and domestic responsibilities, relapse prevention tools and developing a recovery network. Additionally, personal development training such as developing new coping strategies, assertiveness practice and self-esteem building. Training and education opportunities are also key elements of this successful treatment programme.

Clarity Treatment 

Clarity Treatment services is an holistic residential treatment programme offering a daily structure to individuals, with separate housing and clinical groups for males and females. All service users have their own bedroom and keep their personal benefits for purchasing food.

Our services include: an optional 2-week detox programme, and a residential treatment programme, which can last from 6-52 weeks.

Clarity Treatment services tailor-make their treatment to suit individual needs, which consists of: group therapy, relapse prevention, art therapy, optional 12-steps, various workshops, life skills, meditation, counselling, key working, college, voluntary work, careers advice, assistance with move-on and resettlement.

Clouds House 

Clouds House has been providing residential treatment since 1983. The house is a 38-bed registered care home (with nursing), and provides six weeks first-stage abstinence-based treatment, including detoxification if required.

The programme is based on a 12-step philosophy and includes group therapy, 1:1 counselling and workshops. It is run by a multi-disciplinary team. Men and women (over 18) are treated for alcohol and/or drug dependency, under a variety of funding arrangements. Families are invited and encouraged to play a part in treatment. Patients are referred on to a variety of residential and non-residential aftercare programmes.

Cranstoun Treatment & Recovery Pathways

Cranstoun is saving lives and providing opportunities to recover from alcohol and drug dependence.

Cranstoun offers an integrated treatment and recovery pathway within its high care residential services. Detoxification and medical treatment at City Roads is integrated with rehabilitation and recovery at Oak Lodge or Trelawn House and beyond. **Cranstoun's pathway package** delivers excellent outcomes and cost efficiencies*. (*saving up to 7.5% on standalone detoxification and 11.4% on rehabilitation tariffs, resp.) **Pathway Package detoxification tariff is £1495 per week (£214 per day)** **Pathway Package rehabilitation tariff for rehabilitation is £599 per week**

City Roads provides detoxification from alcohol and drugs, with 24 hour medical supervision and social care support through a varied psychosocial care programme and Saturday admissions. Oak Lodge and Trelawn House provide therapeutic treatment and recovery, with excellent skills based and relapse prevention programmes. Alongside core treatment & recovery activities we offer specialist interventions for those affected by dual diagnosis and sexual abuse and additional input addressing numeracy, literacy, computer skills and much more.

To make a referral or for more information please contact:
Admissions Team on 020 7278 8671 or admissions@cranstoun.org.uk

East Coast Recovery

Based in Suffolk, East Coast Recovery specialises in the treatment of drug and alcohol addiction through a residential rehabilitation programme.

We offer primary (foundation), secondary and tertiary care programmes along with tailor-made aftercare packages. We are able to include a full community-based detoxification tailored to each individual's needs. We use a combination of proven methods, principally the Twelve Step recovery programme, CBT, NLP and psycho drama. We believe in holistic treatment methods and are able to provide acupuncture, meditation and nutritional guidance as well as positive recreational activities.

Hope House

Hope House is a second-stage residential treatment centre for women. The 23-bed registered care home is based in Clapham, SW London. The multi-disciplinary team offer specialist treatment to women with complex needs, eg addictions/dual diagnosis, food disorders, trauma and abuse.

The programme provides counselling, group therapy and life skills, and is based on abstinence using the 12-step philosophy. We also provide art therapy, health education, leisure activities and practical assistance with housing. Family visits are encouraged and once the programme is completed, women are able to access additional support on our structured day programme to help them integrate back into the community. **Tel: 020 7622 7833 Email: hopehouse@actiononaddiction.org.uk Patron: HRH The Duchess of Cambridge**

Kenward Trust

We offer an integrated pathway of **recovery, reintegration and resettlement** through residential and supported housing projects based in **Kent and East Sussex**. We work with service users to achieve their individual goals, building on their own recovery capital.

Our residential services are located in rural settings and offer a range of vocational and health and well being focused activities alongside evidence-based therapeutic interventions, including families work. We offer individualised 3 to 6 months intensive and supported programmes and ongoing structured support providing opportunities for community-based volunteering, paid work, accommodation and the forming of healthy relationships.

Max Glatt Unit (MGU) – NEW

Central and North West London NHS Foundation Trust

24/7 medically managed treatment for detoxification and stabilisation of clients who are dependent on drugs and/or alcohol. With 50 years' experience, the MGU is recognised as a centre of excellence. It recently moved to a new central London site, adjacent to Chelsea and Westminster Hospital. The new unit offers significantly improved facilities (15 bedrooms – 2 private, gym, garden, dining room) and activities (art/music therapy, acupuncture and shiatsu), all aimed at facilitating and enhancing recovery and reintegration into daily life. The MGU caters for all types of alcohol and drug addiction, including opioids; stimulants, 'club drugs', benzodiazepines, amphetamines and prescribed medications. We specialise in treating clients with complex co-morbid physical and mental health problems, such as polydrug misuse, ketamine or 'G' detoxes and pregnant users. Our bespoke treatment pathways include: evidence-based prescribing programmes, psychological support and an intensive programme of one-to-one and group therapies. Holistic support is provided via peer mentors, self-help groups (AA, NA etc), family therapists and employment specialists. All clients receive robust throughcare planning and telephone recovery support for up to one year. We accept self referrals from all sources.

Contact us on 020 3315 3153 or email: mgu.cnw@nhs.net
Recovery and Wellbeing for Life

Specialist Family Service

Located in Sheffield we provide a safe and stable environment for parents to address their substance misuse. Parents stay with children and rebuild family relationships.

10% of families enter the service with care of their children and 72% leave the service with care of their children

Phoenix Futures
Ending dependency. Transforming lives.

Printed

Printed is a second stage, residential rehabilitation centre in Surrey offering high quality addiction treatment. With 15 beds for men and women aged 18 upwards, our highly-experienced staff team provide a nurturing space for people to learn the necessary skills to re-enter life. The programme is multi-layered with a mixture of group and individual therapy, living skills, creative therapies, voluntary work, attending college, work placements, workshops and education providing the ground on which people gain understanding and build self confidence. We treat people with complex needs, especially food disorders, relationship and sex addiction, and have a full family and aftercare programme.

Ravenscourt

Ravenscourt has been established for 19 years as a residential rehabilitation centre and has been a registered service for all that time. We are based near to the sea in Bognor Regis, West Sussex, in a large detached residence at which both accommodation and the treatment are based. We offer seventeen beds to males and females from 18-65 and have a mix of block contract, spot purchase and corporate contracts. What is unique about Ravenscourt is that the counselling staff team has been in place since early 2002 without any changes; among the staff team there is a commitment to, and enjoyment of, working at Ravenscourt that is clearly noticed by residents and social care professionals alike. Other services we offer include prison assessments, a family work programme and volunteer placements. Initial contact is by phone for a few basic details to set up a phone assessment – we do not ask clients to complete yet another referral form! A client would spend a couple of hours with us undergoing the assessment, but also chat with the current clients, look around the premises and take time to make an informed decision.

Please contact the counselling team on 01243 841110 for further info.

Sefton Park
For addiction
treatment that works.

For addiction treatment that works

Personalised Treatment:

We work hard so that each client receives treatment that is personalised to their specific needs. Each person is unique so their recovery journey will also be unique

Safe and supportive setting: Where our clients are encouraged to explore and understand the underlying causes of their addictive behaviour

Therapeutic Community: working within the group, and supported by our counsellors, each individual can find the support they need to begin their personal recovery journey

Living the change: members of the therapeutic community demonstrate how treatment is working for them, helping new members to gain improved confidence and motivation

Platform for recovery: We work with each of our clients to regain control of their life and create a stable platform of abstinence

Discovery Days Programme: Diverse and enjoyable activities such as orienteering, canoeing, caving, climbing, bush craft, field work and archery. Members of the community are encouraged to participate in these activities and to support their peers

Dedicated Resettlement Worker: With specialist knowledge and experience providing ongoing support during the transition from Sefton Park to supported housing or independent living

Good Standards: Registered with the Quality Care Commission and NDTMS compliant. Members of EATA, Concordat, FDAP

Find out more: We invite you to spend some time with us find out more about what we do

Please call Jamie on 01934 626371 to arrange a visit

For addiction treatment that works

StreetScene

StreetScene is a registered charity, set up in 1989. Its purpose is to help people suffering from addiction to recover. We believe that every adult should have the opportunity to reach their full potential. Our qualified, multi-disciplinary team, some with personal or family experience of addiction and recovery, are involved in this work because they care. We are here to offer hope, help, opportunities and support to enable change to take place, providing safe and homely environments coupled with knowledge, experience, respect and care and the ability to treat each person as an individual.

We have: Three separate locations, Allington House, Cornerways and Francis House, all CQC registered; a completion rate of 85 per cent (NTDMS).

We provide: Services for men or women of any age from 18 up to 70; tail-end detox; services for people with complex needs; our own re-settlement programme; up to six months support in Unity House; ongoing free aftercare for as long as a client wishes to attend.

We work with: Colleges, so clients can gain current qualifications for employment; local landlords for long-term accommodation; local JCP and other networks to help people find and secure employment.

'You don't have to be addicted to a substance or behaviour to suffer from addiction'

- Family Support to improve the lives of families affected by drugs and alcohol**
- Moving Parents and Children Together (M-PACT) programme for children affected by parental substance misuse
 - 5 day residential programme for adult family members
 - Local carer support groups

Training to give professionals the skills to work with families affected by substance misuse

- Bespoke training for health and social care professionals in Hidden Harm
 - Accredited professional training in family work and addiction
- Families Plus will provide advice and support on meeting targets for improving lives of families affected by addiction.

Support and training available individually or as a package.

Passmores House

Passmores House provides a whole package of care from detoxification and rehabilitation through to community reintegration and structured aftercare support. We work holistically with each individual, tailoring care plans to meet psychological, physical and social needs. Passmores House, set in a leafy environment in Harlow, Essex, offers a nine bed detoxification centre and a seven bed residential rehabilitation service.

The recovery-focused rehabilitation programme includes individual and couple counselling; one-to-one keyworking; therapeutic, cognitive and life skills groups; family therapy; physical activity and healthy eating; complementary therapies; volunteering placements within the community and access to local college courses. Our aftercare services support sustained recovery in the community.

The purpose-built detox service at Passmores House provides 10 to 28 day detox programmes with medical, nursing, group work and one-to-one brief psychosocial interventions. Stabilisation services are also offered. A pre-admission visit with keyworker is welcomed. Transport arrangements for admission can be negotiated.

Please call us on 01279 634 200 or email enquiries@stabilisationservices.org

Yeldall Manor

Yeldall Manor

Yeldall Manor is a rehabilitation centre set in the heart of the Berkshire countryside with over 30 years' experience of helping men aged from 18 to 65 overcome their drug and alcohol addictions. By identifying and addressing the issues causing addiction, residents are able to restructure their lives using healthier choices and so return to the wider community drug, alcohol and crime free.

We offer: drug and alcohol detox; 1st stage rehabilitation programme 12-24 weeks; 2nd stage resettlement programme 12-20 weeks; Free aftercare service. This is a Christian based programme.

Alexander Clinic

The Alexander Clinic provides a specialised, confidential, treatment regime designed to meet the needs of those who suffer from chemical dependence (alcohol/drug addiction). The treatment philosophy recognises addiction as a primary, no-fault, potentially fatal illness. Clients learn to acknowledge their personal responsibility in the recovery process through disciplined participation and effort. Including detoxification, the programme duration varies from 1 week to 6 months' inpatient rehabilitation. The programme helps clients live a contented and useful life without the use of any mood-altering chemicals. The foundation laid in treatment is built upon through attendance at free weekly aftercare and support meetings.

Camino Recovery Centre Marbella, Spain

Abstinence-based, 8-bed residential care facility, specialises in treatment for addictions, trauma, anxiety, depression and family work to include alcohol and chemical dependency, mood disorders, eating disorders, trauma, sexual compulsivity. Our aim is to deliver the highest quality of treatment in the most efficient and caring manner. Based on 12-step philosophy with CBT approach. In addition to these programmes our holistic approach treats the whole person with medical/psychiatric services with a wide range of traditional, experiential and integrative therapies including yoga, acupuncture, metaphoric games, equine assisted psychotherapy and eye movement desensitisation reprocessing. A comprehensive family programme is an integral part of the process enhancing recovery and extending healing to the family.

Rebuilding Families at the Specialist Family Service

Triple P
Positive
Parenting Program

10% of families enter the service with care of their children

72% leave with care of their children

Our family service in Sheffield is a unique service which caters for mums and dads to address their drug and alcohol problems, whilst living with their children in a safe and stable environment. Parents can be single parents or couples.

We provide the opportunity for parents to remain the primary providers of care for their children, whilst receiving appropriate guidance and support to help rebuild their families.
